

Academic Report Student Achievement 2024-2025

Student learning and student success are at the core of Kingdom College's Mission and Vision. We focus on designing and improving educational experiences to enhance student learning and support the learning outcomes (SLOs) of our academic programs. Program planning and evaluation are separate but linked processes within the strategic planning cycle, which establishes the structure for assessing the successful graduate. The following chart shows Kingdom College's 2024-2025 student achievement measures, descriptions, and outcomes.

Kingdom College Student Achievement Measurements

Measures	Criteria	Rationale	Objective	Threshold of Acceptability	Rationale	Goal	Rationale	Outcome
Retention	Retention Rate (# of students who stay to continue their education at Kingdom College)	Student success with coursework increases the likelihood *of retention.	Students will successfully complete the coursework, which in turn will increase retention.	Minimum value = 20%	The success rate from AY 2018-2025 with n=109 students	Target value = 30%	Retention rate n=109 students from AY 2018-2019 to AY 2024-2025	AY success rate = 57% from institutional data; Given that 57% > 30%, this objective is met.

Graduation	Graduation Rate	Course success increases the likelihood of graduation	Students will graduate: <ul style="list-style-type: none"> • certification program within two years • bachelor's degree within six years • master's degree within two years 	Minimum value = 10%	The success rate from AY 2018-2025 with n=109 students	Target value = 15%	Success rate n=23 students from AY 2018-2019 to 2025-2025	AY success rate = 21% from institutional data; Given that 21% > 10%, This objective is met
Student Surveys	Student Surveys	Student surveys reflect student satisfaction	Students will complete surveys each semester	Minimum value = 50%	The success rate from AY 2024-2025 with n=18 students	Target value = 75%	Success rate n=18 students from AY 2024-2025	AY success rate = 73% from institutional data; Given that 73% < 75%, this objective is not met
Job Placement	Job Placement Rate	Graduation increases job placement	Students will find jobs in their respective fields	Minimum value = 40%	Success rate from AY 2018-2024 with n=23 students	Target value = 45%	Success rate n=21 students from AY 2018-2019 to	AY success rate = 91% from institutional data; Given that 91% is > 45%, this objective is met

							2024-2025	
Enrollment	Enrollment Rate	Sustained enrollment each year 2018-2025	Enrollment will remain stable or increase from year to year	Minimum value = 10% increase yearly	The success rate from AY 2018-2025 with n=109 students	Target value = 20% over 7 years	Success rate n=109 students from AY 2018 to 2025	AY success rate = 15% from institutional data; Given that 15% < 20%, this objective is not met
Enrollment Demographics	Enrollment Demographics	Enrollment demographics will describe the population served	Enrollment demographics will show that all demographics are served	Minimum value = 1%	The success rate from AY 2022-2025 with n=36 students	Target value = 2%	Success rate n=36 students from AY 2022-2025	Six-year success rate = 1% from institutional data; Given that 1% = 1%; this objective is met
General Studies Course Success	General Studies Course Success Rate	Success in General Studies courses increases program completion and graduation rates.	Students enrolled in General Studies courses will successfully complete the courses.	Minimum value = 60% of students attaining 70% proficiency	The success rate for AY 2024-2025 with n=8 courses	Target value = 70%	Success rate n=8 courses from AY 2024-2025	AY success rate = 94% from institutional data; Given that 94% > 70%, this objective is met
Student Learning Outcomes (SLOs)	Student Learning Outcomes (SLOs)	Success in required assessments increases success in meeting student	Students enrolled in courses will successfully meet the student	Minimum = 60 % of students attaining 70% proficiency in meeting SLOs	The success rate from AY 2024-202	Target Value = 60% of students attaining 70%	Success rate n=15; proficiency = 85% to 100%	AY success rate = 100% of students attained 85% to 100% on SLO assignments;

		learning outcomes	learning outcomes		5 with n=15 students	proficien cy		Given that 100% > 60% and 85% > 70%, this objective is met
