

KINGDOM COLLEGE

UNDERGRADUATE AND GRADUATE CATALOG

VOLUME IX

2026-2027

Kingdom College aims to be faithful to the provisions of this catalog. However, Kingdom College reserves the right to alter or modify the college catalog policies at any time without notice. Policies regarding financial costs, admissions requirements, and college course offerings are subject to change after the date of publication but prior to the creation of an updated catalog. The most current policies can be found on the Kingdom College website and are also available in hard copy in the Registrar's Office.

The responsibility for fulfilling degree requirements lies with the individual student. All requirements must be met before a student can be awarded a degree. Upon the date of enrollment, students are required to follow the provisions of the degree requirements in effect upon the date of enrollment at Kingdom

College. Students must also complete these degree requirements within five years of enrollment, or students become subject to updated degree requirements. Also, any changes in requirements in earning a degree imposed by an accrediting agency, state board, or the Alabama Department of Education must be fulfilled before a student can be awarded a degree. The terms in the catalog will bind any student who withdraws from Kingdom College for more than one semester at the time of his or her return. This catalog does not signify a contract between any person and the College. Any questions or inquiries about this catalog or its contents must be made at the Registrar's Office.

Dear Student,

Welcome to Kingdom College! We would like to thank you for considering us and allowing us to be a part of the journey to connect your calling to the mission and vision God has set forth for your future. We consider it an honor to be a part of your journey. Further, we accept responsibility for seeing you through your program in a manner that ensures your experiences at Kingdom College instill pride in the accomplishments and achievements you earn while attending.

The programs at Kingdom College have been carefully crafted to offer the very best in instruction in the fields of study they represent. Our professors are dedicated to training and equipping students to fulfill their calling and providing them with a sound foundation upon which to experience success in their chosen field. Classes are designed not only for content but also for application. In addition to the knowledge gained in each student's field of study, opportunities are available to apply that knowledge and gain wisdom through practicums and internships.

Studies at Kingdom College are current and allow students the flexibility to work and train in their fields at a pace suited to individual needs through hybrid classes and an online presence. Independent studies can be designed to help students who need an extra class to meet graduation requirements or to catch up with a cohort. Kingdom College provides as much flexibility as possible to assist students with the varying circumstances that can arise. This catalog is designed to help students gain the greatest benefits from their chosen program.

This catalog serves as a guide to help you structure the time spent at Kingdom College while working through your program. It is designed to show you what your program looks like in its entirety, and also the individual courses. Your counselor will be able to assist you with your scheduling as needed. Because your professors are also aware of specific program needs and requirements, we encourage you to discuss your program with your professors if questions arise. In closing, let me say again that we are honored by your choice to become a part of Kingdom College. We are praying for you as we work together to achieve your calling.

Sincerely,

Virginia T. Mayer, Ed.D., LPCS

President

MISSION

Kingdom College is a Christian college dedicated to preparing and equipping God's people for works of service (Ephesians 4:12-13 NIV) by teaching students on the undergraduate and graduate levels to perform works of service in the areas of Biblical Studies, Psychology, Counseling, and Career and Community Development.

VISION

A Christian college sending forth His people empowered by The Holy Spirit through love to fulfill His divine plan as seen in Acts 1:8, "But you will receive power when The Holy Spirit comes on you; and you will be my witnesses in Jerusalem, and all Judea and Samaria, and to the ends of the earth," and Matthew 28:19, "Therefore go and make disciples of all nations, baptizing them in the Name of The Father, and of The Son and of The Holy Spirit" in the fields of Biblical Studies, Psychology, Counseling, and Career and Community Development to establish strength, hope and soundness to the people in the global and local market.

LIFE TOGETHER COVENANT*

Responsibilities and Expectations for Community Life at Kingdom College

INTRODUCTION

Kingdom College is a community of Christians intentionally joined together for academic progress, personal development, and spiritual growth. The mission of Kingdom College is to establish a pathway dedicated to preparing, equipping, and empowering educators, counselors, and social workers to serve and minister globally to God's people in unity of the faith through the word of God. Although primarily housed on the Living Waters Counseling campus, this community is not defined by geography but rather by engagement in the Kingdom College mission.

The Life Together Covenant (LTC) identifies the expectations for living in a community as we seek to fulfill our mission. It is impossible to create a community with expectations totally acceptable to every member. Nevertheless, certain responsibilities and expectations must be specified to assure orderly community life. When individuals join the Kingdom College community, they freely and willingly choose to take upon themselves the responsibilities and expectations outlined in this covenant. The expectations of Kingdom College are not intended to measure spirituality or to promote legalism. Nevertheless, Galatians 5:13-14 reminds us that while we were called to be free, our freedom is best used when we serve one another in love. (Romans 14:1-23; 1 Corinthians 8:1-13, 10:23-33)

A foundational support for the Life Together Covenant is the Kingdom College Statement of Faith. The Statement of Faith affirms that the Bible is the inspired and authoritative word of God, and it provides the essential teachings and principles for personal and community conduct. The Statement of Faith also affirms the presence of the Holy Spirit in every believer; God, through the Holy Spirit, places in every believer the inner resources and attributes to minister to others through supportive relationships.

BIBLICAL RESPONSIBILITIES

Responsibilities for Loving God, Others, and Self

We glorify God by loving and obeying Him. Because we are commanded to love one another, relationships and behaviors that reflect that love confirm our allegiance to God and glorify Him. (Matthew 22:36-40; John 15:11-14; Romans 15:5-6)

Being in daily fellowship with other Christians is a privilege and an expression of God's will and grace. In recognition of this privilege, immense value is placed on the quality of relationships in our community. We acknowledge that we are participating in a fellowship where we are dependent on and accountable to one another. The New Testament word for fellowship is *koinonia*, which is translated as a close mutual relationship, participation, sharing, partnership, contribution, or gift. Members are therefore encouraged to seek opportunities to demonstrate *koinonia*. (1 Corinthians 12:12-31; Ephesians 4:1-6)

All persons are created in the image of God, and each person is known by God and knit together in the womb with intentional design. God's attention to creative detail is uniquely applied in each person in whom is given the capacity to love God with heart, soul, mind, and strength. The commandment to love our neighbor as ourselves reminds us of our potential to minister to others while recognizing our own need for care and support. (Psalm 139:13-14; Mark 12:29-31; 1 Corinthians 6:19). While we are to love each other, we do not affirm sin as defined in God's Holy Word, Ephesians 5:1-3, "Therefore be imitators of God, as beloved children. And walk in love, as Christ loved us and gave himself up for us, a fragrant offering and sacrifice to God. But sexual immorality and all impurity or covetousness must not even be named among you, as is proper among saints." Leviticus 18:22 and 20:13 call homosexuality an abomination. Romans 1:26-28 calls homosexuality a vile affection practiced by reprobates. We follow God's command to "Love ye one another" by praying for all who choose an "alternative" lifestyle to become free from that lifestyle.

Responsibilities for Community

Within our college community, the greatest expression of fellowship and the highest principle for relationships is love. Since God first loved us, we ought to demonstrate love toward one another. (1 John 3:11, 16, 18; 4:7-21) For our community's purpose, we have identified the following specific expressions of love as among the most desirable.

- Esteeming One Another: We expect each member of the community to strive consciously to maintain relationships that support, encourage, and build up one another. (Romans 15:1-2)
- Making Allowance for One Another: Because of our sinful nature, difficulties in relationships do occur. In such cases, we are to respond with compassion, kindness, humility, gentleness, and patience, making allowance for each other and forgiving one another. (Colossians 3:12-13)
- Caring for One Another: We are responsible for coming alongside those experiencing grief, discouragement, illness, tragedy, or other personal trials. Expressions of bearing one another's burdens include comfort, encouragement, consolation, and intercession. (Galatians 6:2)
- Respecting One Another: Because of the God-given worth and dignity of persons, each member of the community is expected to be sensitive to the image of God created in every person.

Therefore, discrimination against others based on race, national origin, age, gender, or disability is not acceptable. Any kind of demeaning gesture, symbol, communication, threat, or act of violence directed toward another person will not be tolerated. (Colossians 3:11-14; 1 John 3:14-18) We do not confuse loving one another with affirming them in their sin; We will demonstrate our love by praying for them to be set free from the sin that has beset them.

Responsibilities for Individual Attitudes and Behavior

- **Prohibited Behaviors:** Certain behaviors are expressly prohibited in Scripture and, therefore, are to be avoided by all members of the community. They include theft, lying, dishonesty, gossip, slander, backbiting, profanity, vulgarity, crude language, sexual immorality (including adultery, homosexual behavior, premarital sex, and involvement with pornography in any form), drunkenness, immodesty of dress, and occult practice. (Mark 7:20-23; Romans 13:12-14; 1 Corinthians 6:9-11)
- **Academic Integrity and Truthfulness:** As a Christ-centered College community, we apply biblical responsibilities for honesty to all forms of academic integrity. Cheating and plagiarism are forbidden; we expect truthfulness and fidelity to be expressed in every learning context. (Luke 16:10; Ephesians 4:25)
- **Submission to Civil Authority:** In keeping with scriptural admonitions to bring ourselves under the authority of government, members of the Kingdom College community are expected to uphold the laws of the local community, the state, and the nation. An exception would be rare occasions when obedience to civil authorities would require behavior that conflicts with Scripture. On such occasions, each individual would submit voluntarily to the penalty for his or her behavior. (Romans 13:1-7) Behavior resulting in arrest, on or off campus, is subject to review under the College's disciplinary procedures.
- **Illegal and Legal Substances:** Kingdom College prohibits the possession, use or distribution of illegal substances and the abuse or illegal use of legal substances, including prescription and over-the-counter medication.
- **Tobacco:** Kingdom College and all our campuses are smoke-free.
- **Alcoholic Beverages:** Kingdom College and all our campuses are alcohol free. Alcoholic beverages are not permitted at any College functions or programs on or off campus.
- **Gambling:** Gambling (the exchange of money or goods by betting or wagering) is prohibited at Kingdom College or any of our campuses.
- **Respect for the Property of Others:** We are all expected to respect the property of others, including the college property, private property on and off campus, and public property. The intellectual property of others is also to be respected.
- **Policies and Procedures:** Compliance with day-to-day policies and procedures of the community is expected from all. These routine items are listed in the Student Handbook, the Master Policy Manual, and the College catalog. Faculty will teach only what is founded in God's Word. Staff will respond to students, faculty, and the public with grace, compassion, and respect as fellow believers.

MULTICULTURAL PHILOSOPHY STATEMENT

We believe in the equality of all people as embedded in biblical teachings and as an integral part of Christian commitment. We acknowledge that this is affirmed in the Constitution of the United States of America. We believe in an environment in which people can live and work cooperatively, valuing the multiple cultures from which they have come without violating institutional values. We believe in multicultural education as an interdisciplinary effort to prepare graduates who understand, appreciate, and work effectively with those who are different from themselves. We believe in global interdependence, implying the need to graduate individuals capable of functioning as global citizens.

CONCLUSION

The book of Colossians provides an appropriate summary of the goals for our community: "Therefore, as God's chosen people, holy and dearly loved, clothe yourselves with compassion, kindness, humility, gentleness and patience. Bear with each other and forgive one another if any of you has a grievance against someone. Forgive as the Lord forgave you. And over all these virtues put on love, which binds them all together in perfect unity. Let the peace of Christ rule in your hearts, since as members of one body you were called to peace. And be thankful. Let the message of Christ dwell among you richly as you teach and admonish one another... And whatever you do, whether in word or deed, do it all in the name of the Lord Jesus, giving thanks to God the Father through him." (Colossians 3:12-17 TNIV)

Approved by the Kingdom College Board of Trustees _____

Expectations

Members of the Kingdom College community agree to subscribe to the section on Biblical Responsibilities voluntarily and commit themselves to adhering to the attitudes and behaviors mentioned. This results from the conviction that these expectations serve the common good of the individual and the institution. They represent the values and standards of Kingdom College and are guidelines that preserve the college community's ethos. Furthermore, they reflect our commitment to helping each one grow in maturity and in the ability to make wise choices based on God's Holy Word. Because of the importance of trust and responsibility to one another, violations of these expectations are regarded as a serious breach of integrity within the community.

Sanctity of Life Statement

Scripture affirms the sacredness of human life, which is created in the image of God. Genesis 1:27 NIV states: So, God created man in His own image, in the image of God He created him; male and female He created them. Therefore, human life must be respected and protected from its inception to its completion.

*Adapted from Taylor University and Dietrich Bonhoeffer's Life Together Covenant

Statement of Faith

Kingdom College is firmly committed to the Lordship of Jesus Christ and evangelical Christianity. To ensure the central place of Christian principles in the college's philosophy and life, the trustees, administration, faculty, staff, and students affirm and agree to follow the Statement of Faith and the Life Together Covenant (see the catalog).

- There is one God, eternally existent in three persons – Father, Son, and Holy Spirit – the ultimate Creator and Sustainer of all things in heaven and on earth.
- The Holy Bible is the inspired and infallible written word of God, which progressively reveals God's will for humankind.
- Jesus Christ is the Living Word of God who made known and carried out God's plan of redemption through His virgin birth, sinless life, atoning death, bodily resurrection, and ascension, and who will return in power and glory.
- The Holy Spirit is present in the life of the believer, testifying to the lordship of Christ and enabling the believer to live a godly life.
- Man, though uniquely created in God's image, rebelled and stands in need of redemption.
- God created male and female. God ordained marriage between only a male and a female.
- God graciously extends salvation to anyone who comes to Christ by faith.
- The Church is the community of believers who express their unity in Christ by loving and serving Him and each other.
- The Life Together Covenant (LTC) identifies the expectations for living in a community as we seek to fulfill our mission. It is impossible to create a community with expectations totally acceptable to every member. Nevertheless, certain responsibilities and expectations must be specified to assure orderly community life.

When individuals join the Kingdom College community, they freely and willingly choose to take upon themselves the responsibilities and expectations outlined in this covenant. Kingdom College expectations are not intended to measure spirituality or to promote legalism. Nevertheless, Galatians 5:13-14 reminds us that while we were called to be free, our freedom is best used when we serve one another in love (Romans 14:1-23; 1 Corinthians 8:1-13, 10:23-33).

STUDENT SERVICES

ADMISSIONS

Kingdom College operates under an admissions philosophy that welcomes students with the aptitude for future academic success into an intentional Christian community. The Office of Admissions operates under standards and policies developed by the administration and faculty and considers a student for admission based on academic aptitude, preparedness, integrity, maturity, and motivation.

Kingdom College does not unlawfully discriminate based on race, color, national origin, religion, sex, age, disability, genetic information, or veteran status in admission to or access to the programs within the College.

When to Apply

An application for admission should be submitted well in advance of the expected enrollment date. Applications may be submitted as early as the summer following completion of the junior year of high school. Applicants are encouraged to submit admission applications no later than one month before the semester that the student will begin classes. **For Dual Enrollment admission, contact the Kingdom College Administrative Office as early as possible. Additional approval is needed from each student's High School Administration.*

How to Apply

- Apply at the Kingdom College website www.kingdomcollege.net. Complete online application and pay the nonrefundable application fee: \$25 for undergraduate students or \$35 for graduate students. (Exceptions to the application refund policy will need to be considered in some circumstances for Veterans Benefit recipients.) Read and sign the Statement of Faith. The Statement of Faith is in the Course Catalog, and the acknowledgement is within our Registration Agreement.
- Request ACT, SAT, or CLT scores to be sent to the Registrar's Office. These scores will be used for placement in the appropriate English or Mathematics courses and are not required for admission.
- Submit all official high school and/or college transcripts directly to the Registrar's Office. An official high school transcript is required for students with less than 12 hours of transferable academic credit, earning a 2.0 grade point average or higher.

UNDERGRADUATE ADMISSION REQUIREMENTS

- Graduation from an accredited high school. An unaccredited high school transcript will be reviewed if it meets the same standards as an accredited high school. An applicant who is not a high school graduate must provide official GED test results. A passing score must be reported.
- Background checks. Because each program of study includes a clinical component or is in a helping field, each student must request a background check and is responsible for the associated costs.

FRESHMAN ENTRY

- An official high school transcript is required for students with less than 12 hours of transferable academic credit, earning a 2.0 grade point average or higher. All transcripts from schools previously attended must be submitted.
- Home school students are encouraged to apply for review. A passing score on the GED must have been achieved for those students who have taken this exam.

GRADUATE ADMISSION REQUIREMENTS

- Apply at the Kingdom College website www.kingdomcollege.net. Complete online application and pay the nonrefundable application fee: \$35 for graduate students. Read and sign the Statement of Faith.
- Submit official transcripts from all previously attended colleges and universities. Standard admission will be granted to students with a 2.25 GPA on the degree-granting baccalaureate transcript. Our Chief Academic Officer may approve provisional admission.

- Background checks. Because each program of study includes a clinical component or is within a helping field, each student must request a background check and will be responsible for the associated costs.

TRANSFER STUDENTS

- Undergraduate students who have completed 12 hours of academic transfer credit from an approved college/university with a 2.0 grade point average or higher will also be granted standard admission. A student who desires to transfer college credits from another college or university/university or to have standardized test scores transferred must submit an official, current transcript of all college coursework attempted. Kingdom College currently follows the guidelines established by the American Council on Education (ACE) for standardized test scoring and credit. The College also awards credit for Advanced Placement Exams, based on standards set by the College Board and the AP committee. The college's Chief Academic Officer will evaluate graduate transfer credit.
- A minimum of twenty-five percent of the degree must be completed with Kingdom College at the undergraduate level. Per the STARS agreement in Alabama, no more than 60 hours may be transferred from a Community College toward a 120-hour baccalaureate degree. Thirty-three percent must be completed with Kingdom College for graduate degree programs.

Alternative Transfer Credits from Non-Traditional Private Schools:

When traditional course-by-course credit validation is not possible—often due to a lack of standard institutional accreditation—Kingdom College utilizes alternative evaluation systems to award credit for non-traditional or unaccredited private school learning.

1. **Prior Learning Assessments & Portfolios**: Portfolio Assessment: Students compile a dossier of syllabi, assignments, textbooks, and personal work to prove their non-traditional course meets the Kingdom College's specific learning outcomes (SLO's) for each course for which hours are being requested for approval.
2. **Third-Party Credit Recommendations**: The American Council on Education (ACE) reviews non-traditional curricula, workforce credentials, and alternative schools to issue formal, transferable college credit recommendations. These credit hours are reviewed by the Chief Academic Officer and/ or the Director of Enrollment and Student Services of Kingdom College.
3. **NCCRS Evaluation**: The National College Credit Recommendation Service: To transfer non-traditional or unaccredited higher education credits for General Education courses to Kingdom College, one must navigate their unique institutional policies. Because Kingdom College is a private, state-licensed institution actively pursuing regional accreditation (via SACS-COC), its transfer processes differ from standard public universities.

Kingdom College relies on an individualized, administrative review for incoming credits rather than automated system matching. Kingdom College makes every possible effort to give credit so that students can progress on their chosen career path with the least obstructions.

1. Direct Review by the Chief Academic Officer and/or Director of Enrollment and Student

Services: For all undergraduate transfers, Kingdom College dictates that the student must submit an official transcript of all attempted coursework. If the credits originate from a non-traditional or unaccredited school, they do not automatically reject them.

The Valuation: The Chief Academic Officer and/or the Director of Enrollment and Student Services manually reviews the course descriptions and syllabi. They evaluate whether the non-traditional course matches the academic rigor, content, and hourly contact requirements of Kingdom College's own Associate of Science in General Education pathway.

2. Alignment with Alabama Transfer (formerly STARS) / AGSC Standards: Public universities in Alabama use the Articulation and General Studies Committee (AGSC) to dictate credit transfers. While private institutions like Kingdom College are not legally bound by the state's Alabama Transfer system, they utilize AGSC general studies curriculum templates as an administrative benchmark.

The Valuation: To successfully argue for a non-traditional credit transfer, coursework should mirror the Alabama Transfer (formerly STARS) credit guide blocks. If the alternative course aligns perfectly with Alabama's standard Areas I–IV general education definitions (Written Composition, Humanities, Fine Arts, Natural Sciences, and Mathematics), the Chief Academic Officer and/or the Director of Enrollment and Student Services are likely to approve it.

3. Credit Threshold and Residency Limits Maximum Alternative Transfer: Under standard policy, a minimum of 25% of the undergraduate degree must be earned directly at Kingdom College. General Education Cap: If a student is trying to transfer an entire block of General Education credits, students can transfer up to 75% of the total degree requirements, provided the individual courses pass the Chief Academic Officer and/or Director of Enrollment and Student Services' evaluation.

4. Credit-by-Examination Alternatives: If the non-traditional higher education school lacks any recognized transcript format, students can typically request to clear the General Education requirements at Kingdom College by substituting standardized national testing and can present passing scores from standard College Board CLEP or DSST examinations to satisfy basic Area courses like College Algebra, English Composition, or Introductory Psychology without retaking the classes.

Recommended Next Steps to get these non-traditional credits officially validated: A student should contact the Kingdom College Registrar's Office (the Director of Enrollment and Student Services) to initiate a manual transcript evaluation. Kingdom College requires a formal application for review of the requested hours. A completed application must be submitted for a formal review of requested hours.

NONTRADITIONAL ADMISSION

- Students aged 24 and older must meet the same requirements as traditionally admitted students to Kingdom College. This also applies to veterans of any age.
- *Kingdom College reserves the right to make a decision for nontraditional admission on a case-by-case basis upon review of overall credentials. Provisional admission may be considered for

students who initially submit unofficial documents. Official documents must be received prior to the second semester of registration in order to clear provisional admission.

RETURNING STUDENTS

A student who withdraws from Kingdom College for more than one calendar year will be subject to the degree requirements in the Academic Course Catalog at the date of return, rather than the original date of enrollment in Kingdom College, if any changes have transpired. This student must reapply through the Office of Admissions and pay the designated application fee. The administration and faculty will exercise due diligence when making catalog changes.

TRANSIENT STUDENTS

Students who would like to attend a course offered by Kingdom College and transfer that course back to their home institution may do so with official written authorization from that college or university. Students approved by another institution to attend Kingdom College are considered transient when the intent is to return to that college or university. An application for admission is required, and a transcript may be requested from the home institution.

EARLY ACCEPTANCE

A student who demonstrates exceptional academic success may receive early acceptance to Kingdom College. This applies to a student who begins receiving college credit after the junior year of high school while still attending high school.

Dual Enrollment

- Kingdom College allows cooperating high schools to allow students to receive both high school and college credit for certain courses that apply toward their coursework required for graduation. Each of these students must be in either grade 10, 11, or 12. The student must obtain a recommendation from the high school guidance counselor or principal. In addition, the student's grade point average must be at least 2.5 unless the County or School System from which the student is coming states otherwise. Students must also meet all other Kingdom College undergraduate admission criteria, with the exception of high school graduation, before starting dual-enrolled classes. Kingdom College follows the guidelines set by the Alabama State Department of Education related to dual enrollment.
- The responsible administrator for assisting students with the Admissions Process is the Director of Enrollment and Student Services. If a student has any questions about how to enter Kingdom College, the Director will help the student through the admissions process.

ACCUPLACER Testing Administration

This testing situation allows students to be accurately placed in the appropriate math and English classes. The personnel responsible for this situation have been trained and certified to administer the ACCUPLACER Test. The Director of Enrollment and Student Services and the Human Resources Director are both able to administer this test.

Assistance for Students with Disabilities

Students requiring accommodations or modifications for a disability should inform the instructor at the close of the first class meeting or as soon as possible. The instructor will refer you to the Kingdom College disability officer to document your disability, determine eligibility for accommodations under the ADAAA/Section 504, and request a Faculty Accommodation Form. Disability accommodations or status will not be indicated on academic transcripts. In order to receive accommodations in a class, students with sensory, learning, psychological, physical, or medical disabilities must provide their instructor with a Faculty Accommodation Form to sign. Students must return the signed form to the Office of Student Services. *A new form must be requested each semester.* Students with a history of a disability perceived as having a disability, or with a current disability, who do not wish to use academic accommodations are

also strongly encouraged to register with Student Services and to request a Faculty Accommodation Form each semester. For further information, please contact the Office of Student Services.

The Director of Enrollment and Student Services manages the process of assessing the needs of students with disabilities.

Mental Health Counseling

The Director of Enrollment and Student Services will assist in cases where a student needs mental health services or when a professor has referred a student to the Director of Enrollment who may need mental health assistance. If the student needs mental health services, the Director of Enrollment and Student Services will provide a list of local mental health service providers to the student.

Administrative Services

The Director of Enrollment and Student Services will assist and participate in the Administrative Council for Kingdom College. This role allows the Director of Enrollment and Student Services to help in the decision-making and assessment of the Enrollment and Student Services Office and its role in the overall working of Kingdom College and its future growth.

Assistance with Technology for Students

The Director of Enrollment and Student Services will assist students if any questions or concerns come up about technology at any of the teaching sites. If necessary, the contractors for IT may be called if the technology issue requires expertise in the breakdown of the WIFI or internet.

STUDENT RIGHTS

ACADEMIC RIGHTS

It is the right and responsibility of each student to know and to be fully aware of the policies and procedures that exist at Kingdom College. These policies and procedures are expressed in the Kingdom College Undergraduate and Graduate Catalog. The Students' Rights are as follows:

- a. The right to be respected by faculty, staff, and fellow classmates.
- b. The right to have access to his/her professor or staff member if he/she has a question
about the academic process in the class or within Kingdom College.
- c. The right to know the expectations of each course in which he/she participates.
- d. The right to know how grades are ascertained in any course.
- e. The right to appeal a grade.
- f. The right to be advised in an appropriate manner and in a timely manner of the path of
his/her program courses.

POLICY GOVERNING DISCRIMINATION

Kingdom College is committed to providing equal opportunities to all employees and applicants as defined under federal and state law. Kingdom College does not discriminate based on race, color, mental or physical disability, national origin or ancestry, citizenship, age (age 40 or older), gender, sex, pregnancy, genetic information, marital or familial status, veteran or military status, membership in the Uniformed Services, or any other characteristic protected by law. As a religious educational institution, Kingdom College reserves the right to hire employees who share a commitment to the Christian faith. Unlawful employment discrimination and harassment by managers, supervisors, employees, vendors, clients, and contractors will not be tolerated. This Policy governs all aspects of employment, including selection, job assignment, compensation, discipline, termination, benefits, and training. It applies to all work-related settings and activities, whether inside or outside the workplace, and includes business trips and business-related social events. Employees who believe they have been subjected to any form of unlawful discrimination or retaliation, or have questions about this policy, or inquiries regarding a specific employment issue, should contact the Human Resources Department. Employees can raise concerns and file reports without fear of reprisal, as retaliation is prohibited. Kingdom College reserves the right to maintain its destiny as a Christian witness in higher education and asserts its right to employ and retain only those persons who subscribe to and support the intent, mission, and Statement of Faith as presented in the Employee and Faculty Handbook. The Director of Human Resources serves as the Equal Opportunity Officer and is responsible for the overall college implementation and coordination of the equal employment opportunity efforts. Any individual who believes she or he has been discriminated against on the basis covered under Kingdom College's Equal Employment Opportunity policy may contact Human Resources. An investigation of all such claims and appropriate action will be taken.

Title IX and Section 504 Grievance Procedure

Any student who believes he/she may have a legitimate grievance regarding alleged Discrimination based on Title IX, Section 504 of the Rehabilitation Act of 1973, or any federal Civil rights law, may do one of two things. First, the student may go to the duly appointed institutional grievance officer, the Director of Enrollment and Student Services, or secondly, the student may file a grievance directly with the U.S. Department of Justice, Civil Rights Division, 950 Pennsylvania Avenue, N.W., Educational Opportunities Section, PHB Washington, D.C. 20530 950 Pennsylvania Avenue, NW, Civil Rights Division, 1425 NYAV, Washington, D.C. 20530.

If the student chooses to take the grievance to the institutional grievance officer, the institutional grievance officer will be responsible for launching an investigation of the alleged discrimination, in the following manner:

- 1) A written and signed statement of the grievance should be presented to the Director of Enrollment and Student Services by the student.
- 2) The Director will conduct an informal hearing session with the individuals involved and issue a decision in writing within ten working days from the time of the informal hearing.

3) If the decision rendered by the Director is not satisfactory to the individuals involved, those individuals may present a written request for appeal to the Administrative Council. This council will meet for a formal hearing within ten working days of the written request for appeal. At the formal hearing, the grievant has the right to be represented by the person or persons of the grievant's choice. All proceedings will be recorded, and a written decision will be returned to the grievant within five working days. The decision rendered by the council is the final decision of the college.

CONFIDENTIALITY AND STUDENT RECORDS

FERPA

The Family Educational Rights and Privacy Act (FERPA) prohibits a school from disclosing personally identifiable information from students' education records without the consent of the student, unless an exception to FERPA's general consent rule applies.

Complaints regarding violations of FERPA (including unauthorized disclosures of student information) should be directed to the Registrar. The College will treat each complaint seriously and take prompt action to ensure the College complies with FERPA and mitigates the effect of any non-compliance.

The goal of the Family Educational Rights and Privacy Act of 1974 is to provide parents and students greater access to educational records. Parents and students also have greater control over those records.

A student who is either presently enrolled or who has ever been enrolled in Kingdom College has FERPA privileges. Students have the right to all educational records which apply to them within forty-five days of requesting access to this information. Students do not have access to other students' information. Any requests involving students other than the requesting student will be denied.

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA grants parents certain rights regarding their children's education records. These rights transfer to the student when he or she reaches age 18 or enrolls in a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
- Parents or eligible students have the right to request that a school correct record which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):
- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must inform parents and eligible students about directory information and allow them a reasonable time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

STUDENT COMPLAINT GUIDELINES

The purpose of the option for student complaints is to provide consistency and fairness for the student. Any student who is charged with a values violation and any student who submits a complaint will be granted the following rights:

- Any student, parent, faculty, staff, or guest may submit an oral or written report of the details regarding the complaint or violation.

- This report is submitted to the Director of Enrollment and Student Services, who will set up a meeting.
- The student will be notified in writing by the Director of Enrollment and Student Services for a meeting.
- Any student who fails to attend this meeting will abide by the decision made at the meeting without any student input.
- The student will receive written notification of the results of the meeting.
- Any student may appeal the complaint or values violation meeting.
- The result of the meeting may prevent a student from registering for future classes until the complaint is settled.

Complaint Policy for Students Receiving VA Education Benefits

For students receiving VA education benefits, any complaint against the school should be routed through the VA GI Bill® Feedback System by going to the following link:

<http://www.benefits.va.gov/GIBILL/Feedback.asp>. The VA will then follow up through the appropriate channels to investigate the complaint and resolve it satisfactorily.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by the VA is available at the official U.S. government website at <https://www.benefits.va.gov/gibill>.

STUDENTS' RIGHTS IN THE COMPLAINT PROCESS

- Right to be informed of the process
- Right to a meeting to plead the student's case
- Right to be informed of all evidentiary material gathered that ties the student to the complaint or values violation
- Right of the student to give testimony, to decline to testify, and to request personal witnesses be present at the meeting to testify
- Right to bring a personal witness such as a counselor, advisor, or friend to the meeting

ACADEMIC ADVISORS

When students enroll in Kingdom College, they are assigned an advisor. This person is an instructor who teaches classes in the student's field of study. The role of an advisor is to assist students in appropriate course selection and provide general guidance in the student's field of study. Program maps are used to help in this process. The student is responsible for pursuing academic advisement after enrollment. Even

though the advisor provides guidance, it is the student's sole responsibility to meet all graduation requirements.

Example Program Map for Master of Science in Christian Clinical Mental Health Counseling (MSCCMHC)

The Course Program Map offers a picture of what your program will look like throughout your tenure at Kingdom College. This outline will be as close as possible to the classes that will be offered so that you can complete your coursework in a timely manner. Circumstances may require changes to some courses, but your advisor and you will work together to ensure the best course of action is taken for the student's benefit.

* Must be completed before all other coursework with a minimum grade of "B".

STUDENT RESPONSIBILITIES

STUDENT ACADEMIC RESPONSIBILITIES

- To intentionally read course syllabi and be accountable for each professor's class requirements.
- To proactively manage and maintain the requirements for his/her degree/field of study.
- To communicate any issue the student may have concerning course content.
- To communicate any issue the student may have concerning faculty or staff or a fellow student.
- To proactively commit to completing all coursework and completing the program to the very best of his/her abilities.
- To seek advisement for all course choices within the program, either through the student's professor or the Department Chair.

Academic Integrity and Truthfulness

As a Christ-centered college community, we apply biblical responsibilities for honesty to all forms of academic integrity. Plagiarism is forbidden; we expect truthfulness and fidelity to be expressed in every learning context (Luke 16:10; Ephesians 4:25).

Attendance

Class attendance is a necessary and essential ingredient to success in any class at Kingdom College. After all, the classroom is where much of college learning takes place, and where professors often evaluate student progress. It is for this reason that regular and punctual attendance is expected. Multiple absences may result in a lowered grade that requires the class to be retaken. Repeated tardiness and failure to meet course deadlines may, in turn, necessitate repeating a class.

Unless otherwise specified by the professor/instructor, the following policy applies to attendance and punctuality:

Students are required to attend class. The professor/instructor will keep accurate records of attendance and tardiness. The professor will calculate the semester grade, including the penalty for absences. The professor's grading scale will explain how absences figure into the grade calculation, but attendance/participation will be a minimum of 10% of the overall grade.

The professor/instructor will excuse a limited number of absences for justifiable emergencies and serious illness. College-sponsored events that take place during a student's class will be considered excused as long as they have been approved in advance. Any Kingdom College employees who take students to events of any nature must submit a list of participating students to the Director of Enrollment & Student Services at least one week prior to the event. Students who miss class due to their participation in these events must not be penalized and must be allowed to make up all missed work during their absence because of their participation in the event. The responsibility for taking the initiative to inquire about missed work and for following through to make up the missed work lies solely with the student. A student who has missed class due to a serious medical condition, pregnancy, or childbirth should present a doctor's signed medical excuse with the dates listed, which affected that student's attendance, so that the same consideration above may be given. If a portion of that class's grade is based on class participation, the professor should develop an alternate assignment that can assess the student in lieu of class participation that is unable to occur during the student's absence.

Specific examples of excused absences include the following:

- Illness or hospitalization accompanied by a doctor's excuse
- Death of an immediate family member (spouse, parent, grandparent, sibling, child)
- Hospitalization of an immediate family member
- Official school business
- Weddings or special events of family members that are approved in advance by the instructor
- Extenuating circumstances approved by the Chief Academic Officer

Specific examples of unexcused absences include the following examples:

- Schedule conflicts
- Routine doctor appointments
- Oversleeping
- Interviews beyond 2 per academic year

All professors/instructors must keep up-to-date records of student absences and tardiness. A tardy occurs when a student is late up to ten minutes after the class period begins.

Being late beyond ten minutes results in a student penalty. The accumulation of three tardies results in one absence from class. A tardy student must be admitted to class.

Dress Code Standard

Clothing is to be something that represents Kingdom College in a way that is God honoring. Students are to wear clothing that is modest and reasonable. The following types of clothing violate the principles of modesty and are not to be worn on campus or when representing Kingdom College, unless otherwise specified:

- Skirts, dresses, or shorts that fall above the fingertips when arms are held straight down
- Leggings not covered by a long shirt or by shorts or a skirt over them
- Clothing containing racial slurs, derogatory statements, alcohol or drug references, or profanity
- Low-waisted or baggy bottoms that reveal part of a person's buttocks or undergarments
- Pajamas or pajama pants
- Clothing that reveals the chest, cleavage, undergarments, or the abdominal area
- Swimsuit attire

FINANCIAL RESOURCES

TUITION AND FEES

Kingdom College aims to offer an education to everyone who qualifies for admission, regardless of his or her financial readiness for college. It is for this reason that Kingdom College has sought to create affordability for its students. Kingdom College is primarily tuition-funded. All expenses for each semester/term must be paid at the beginning of the semester. Any student with an outstanding balance at the end of a semester will be denied the opportunity to receive his/her grades, receive a transcript, or register for a future semester, unless arrangements are made with the Finance Office. Below is the breakdown of expenses per semester for students at Kingdom College.

“Students utilizing VA education benefits shall not be charged a penalty, including assessment of late fees, denial of access to classes, libraries, or other institutional facilities, or be required to borrow additional funds because of the individual's inability to meet their financial obligations due to the delayed disbursement of a payment to be provided by the Department of Veterans Affairs”.

Tuition: \$175 per credit hour (Certification)
 \$275 per credit hour (Undergraduate)
 \$375 per credit hour (Master's)

Semester Fees: ~~OBJ~~ \$50 Registration
 \$100 Facilities
 \$100 Technology
 \$100 General

Admission Fees

 \$25 Undergraduate & Certification Admission Application Fee
 \$35 Graduate Admission Application Fee

*For the most current tuition & fees for Dual Enrollment courses, contact the Kingdom College Administrative Office. The current cost per class is \$100.00 for tuition and fees.

SCHOLARSHIPS

Kingdom College offers academic scholarships to students who demonstrate need and document it in a letter. These scholarships are donor-funded and have helped a larger percentage of our students to start and continue classes.

*Pre-Accreditation will be needed for Federal Student Aid approval. Financial need is the primary basis for financial aid at Kingdom College. The Chief Academic Officer is the Approving Official for Scholarships. Students are advised to check with the Director of Enrollment and Student Services for scholarship applications and the procedure for receiving tuition assistance for employees, or any other resources that may become available.

TUITION ASSISTANCE

Kingdom College offers employee tuition assistance to full-time and part-time employees. Living Waters Counseling, Inc. offers two tuition assistance opportunities to Lay Counseling students each year.

KINGDOM COLLEGE TUITION EDUCATION ENDOWMENT

- This is a loan-based formatted tuition assistance program.
- This loan is non-interest-bearing.
- This loan is for tuition and fees.
- Students agree to maintain an average of a “C” for undergraduate classes and a “B” for graduate classes every semester. If the average drops, the TEE Committee will need more information to continue the loan.
- Students awarded a non-interest-bearing loan will be notified. This loan is established to assist students with limited or no funds so they can attend Kingdom College and find their paths. Working in the fields of labor to which God has called each student is our prayer for them.
- The process is as follows:
 - a. Student makes application
 - b. This application is given to the
 - c. The TEE Committee, or a representative of the committee, interviews the individual
 - d. The TEE Committee decides and notifies the student
 - e. If awarded the loan, the appropriate documents of agreement will be signed by the student with the Financial Department
 - f. The student agrees to pay a set amount, monthly, while in school; a payment of no less than \$100 per month per class.
 - g. Upon graduation, the student will go through a review process of his /her financial situation with the Financial Department representative to arrange a fair repayment schedule and amount that will be no less than \$100 each month until the loan is repaid.
- The TEE Committee is comprised of staff members of Kingdom College, primarily Administrative Staff.
- The Committee Members' duties are as follows:
 - a. Review prospective applications from students
 - b. Award selected students who qualify based on the criteria of income/debt ratio, along with written personal circumstances
 - c. Serve as long as requested by the President or until the participant chooses to step down
- The student agrees to these guidelines and requirements:
 - a. To report his/her grades to the TEE Committee each semester
 - b. To make every effort to pay off the loan as quickly as possible

ACADEMIC PROCEDURES

ACADEMIC STANDARDS

To be considered as and to remain in good academic standing at Kingdom College, a student must meet the following minimum academic requirements:

*Bachelor's Degree:

- Complete a minimum of 120 semester hours.
- Maintain a cumulative grade point average of 2.0 at the undergraduate level.
- *Master's Degree: Complete a minimum of 30 semester hours.
- Maintain a cumulative grade point average of 3.0 at the graduate level.
- Minimum undergraduate full-time status each semester is 12 semester hours
- Maximum undergraduate hours per semester is 18 semester hours (Maximum hours with approval from Department Chair and Chief Academic Officer may be granted up to 21 hours with prior approval)
- Minimum graduate full-time status each semester is 9 semester hours
- Maximum graduate hours per semester is 15 semester hours (Maximum hours with approval from Department Chair and Chief Academic Officer may be granted up to 18 semester hours with prior approval)

A student with a semester grade point average lower than 2.0 will be placed on academic probation for the following semester. A student will be removed from academic probation by earning a 2.0 grade point average the following semester. Any student earning below a 2.0 grade point average the semester after being placed on academic probation will be allowed only to take fifty percent of the student's previous semester's course load the following semester. If the semester grade point average does not increase to a 2.0 on a fifty percent course load, the student will be placed on academic suspension for one semester. After serving a one-semester academic suspension, the student may apply for readmission. A student may appeal an academic suspension to the Director of Enrollment. Any student placed on academic suspension for a third time will be indefinitely suspended.

In addition, students on academic probation or suspension should check with the Director of Enrollment regarding academic criteria for scholarships, tuition assistance, or veterans' benefits. Sometimes these monies are withdrawn or suspended for students on probation or suspension. Financial assistance, to include all sources (scholarships, loans, and veterans' benefits), can be affected by a student's academic standing.

No student on academic suspension may enroll in any Kingdom College courses, including online courses. No student may enroll in any practicum or internship classes without the written consent of his or her advisor, dean, or chief academic officer. For more information on academic probation or suspension, contact the Director of Enrollment.

GRADING POLICY

Grading Scale

Letter grades are assigned for all courses, for which students have registered as follows:

A	Excellent	90-100
B	Good	80-89
C	Average	70-79
D	Poor	60-69
F	Failure	below 60

W Withdrawal

I Incomplete

P Non-Credit

AU Audit

At the undergraduate level, grades of A, B, and C are considered satisfactory. Students should be aware that many colleges and universities will not accept grades of “D” for transfer, and these courses should be repeated before attempting transfer. At the graduate level, grades of A and B are considered satisfactory. Grades of C or lower are below standard for graduate work and normally will not be considered as transferable credits. Yet, up to two C’s may be considered when fulfilling degree requirements as long as the specific course doesn’t require a B or better (Research, Internship, Practicum, etc.).

A grade of “W” will be assigned to students who officially withdraw from the college or a particular course according to college policy. A grade of incomplete (“I”) will be assigned, at the discretion of the instructor, when all required work for a course is not completed by the end of the semester in which the course is taken. A grade of “I” must be cleared by the first day of final exams of the following semester. If the grade of “I” is not cleared, a grade of “F” will be assigned. It is the student’s responsibility to follow up with the College to ensure the grade of “I” has been appropriately changed.

Students may access their grade report and other student information online. Official transcripts must be requested from the Registrar’s Office or online. No credit will be awarded for courses in which the student is not registered and for which all tuition and fees are not paid. All discrepancies in student schedules and registration must be resolved during the semester in which they occur or before the first day of class for the next term.

Credit Hour Policy

Purpose and Scope of the Policy

This policy defines the credit hour at Kingdom College in accordance with federal Program Integrity Regulations and requirements of the Southern Association of Colleges and Schools Commission on Colleges. The credit hour policy applies to all courses at all levels (undergraduate, graduate, and professional) that award academic credit regardless of the mode of delivery. Academic teams are responsible for ensuring that credit hours are awarded only for work that meets the requirements outlined in this policy.

Federal Definition of a Credit Hour

For purposes of the application of this policy and in accord with federal regulations, a credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates.

1. Not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time, or
2. At least an equivalent amount of work as required, outlined in item 1 above, for other academic activities as established by the institution, including laboratory work, internships, practicum, studio work, and other academic work leading to the award of credit hours.

Kingdom College Credit Hour Policy

Kingdom College meets the Carnegie unit for contact time: 900 minutes of classroom or direct faculty instruction and a minimum of 1800 minutes of out-of-class student work for each credit awarded. Kingdom College defines a class hour as 60 minutes. The expectation of contact time in the classroom and student effort outside the classroom is the same across all course formats, whether entirely online, a hybrid of face-to-face contact with some content delivered electronically, or delivered in lecture or seminar format.

Guidelines for the Implementation of Kingdom College's Credit Hour Policy

Traditionally delivered (face-to-face) courses on a 15-week (instruction), 1-week (final exams) semester: A 3-hour course must have 2700 minutes of classroom instruction. Condensed courses: Classes meeting on an accelerated schedule will have the same number of instructional minutes (2700 for a 3-hour class) as those taught in the 15-week (instruction) semester, plus 1 week (final exams). A faculty member who, with requisite approval by the dean's office, wishes to move some of the required direct instructional time to a web-based environment or to another out-of-class experience for pedagogical reasons must clearly delineate in the syllabus the additional out-of-class experiences that will substitute for in-class instruction. Such experiences must exceed assignments required for the fully face-to-face version of the course in order to count toward direct instructional time and must be required, structured, and faculty-

directed. Faculty are responsible for designing their courses to ensure the required number of direct instructional minutes each week, as well as the expected additional student preparatory work (two hours for each hour of direct instruction). Deans' offices are responsible for reviewing and monitoring any proposed deviations from the regular face-to-face class schedule.

Hybrid or Online Courses: A course that is delivered partially or fully online must meet the same requirements of 900 minutes of direct instruction and 1800 minutes of student work per credit hour.

Faculty teaching online or hybrid courses must account for 45 hours (2700 minutes) of direct instructional time for each 3-credit-hour course. The syllabus must clearly delineate direct instructional activities, as well as any required synchronous activities outside class session times indicated in the schedule. Courses carrying the same course number that are offered both face-to-face and hybrid/online must meet the same learning objectives, be organized around the same or comparable learning activities, and be assessed by similar, comparable assessments.

Activities that count toward direct instructional time include the following:

1. In-class instruction
2. In-class tests/quizzes
3. In-class student presentations
4. Online lectures/instruction (synchronous or asynchronous)
5. Virtual synchronous class meetings

Independent Study Courses and Lab Work: Courses where students are working on independent projects, such as in thesis/dissertation hours and independent studies, will comply with the minimum of 180 minutes of student work per week over a 15-weeks (instruction) 1-week (final exams) semester or the equivalent amount of work distributed over a different period of time for each credit hour awarded. **Laboratory work:** One credit hour is assigned for 60 minutes or more of laboratory work per week throughout a 15-week (instruction), 1-week (final exams) semester.

Internships, Clinical experiences, Student Teaching: Such experiential, field-based courses require a minimum of 3 hours of student work per week over the 15-week (instruction), 1-week (final exams) semester for each credit hour awarded. Student work includes clock hours at the field site, meetings with supervisors, and outside preparation and assignments. Programs may require more than the minimum 3 hours of student work per credit hour and may be guided by their specific accrediting bodies or applicable state regulations.

Quality Points

To evaluate the scholastic standing of students, the following quality points are assigned to grades:

- A - 4 quality points per credit hour
- B - 3 quality points per credit hour
- C - 2 quality points per credit hour
- D - 1 quality point per credit hour
- F - 0 quality points per credit hour

Students' scholastic standing or grade point average (GPA) is obtained by dividing their total number of quality points by the total number of semester hours for which the grades of A, B, C, D, or F are assigned, including physical education. Any course for which the student has previously registered may be repeated at the undergraduate level. When a course is repeated, only the first attempt is excluded from the grade point average calculation. All other attempts will be used to determine the final grade point average. This policy is not carried over to the Graduate level. All grades received in the Graduate School are used to

determine a student's final grade point average at that academic level. A letter grade of D is not passing at the Graduate level and must be repeated in required or elective courses. An elective course in this situation may be satisfied by taking a different one.

Academic Honors

Kingdom College rewards academic excellence for undergraduate student diplomas with three levels of honors that appear on a student's diploma and receive recognition at Commencement.

- Cum laude is awarded to students with a 3.5 minimum cumulative GPA.
- Magna cum laude is awarded to students with a 3.7 minimum cumulative GPA.
- Summa cum laude is awarded to students with a 3.9 minimum cumulative GPA.

*In addition, special distinction awards will be given to students who maintain a cumulative 4.0 GPA.

Grade Appeal Policy

A student grade appeal may be expected to occur on an occasional basis. The philosophy of the College is that such appeals be handled informally if possible. In the cases involving a miscalculation or error in documenting, a Grade Change Form may be completed by the instructor and returned to the Registrar prior to the mid-term of the semester following the one in which the grade was assigned. However, if it is not possible to resolve the matter informally, then a grade appeal must be received in writing in the office of the Registrar by the midterm of the semester/term following the date the grade is issued.

All academic concerns relative to a final grade, except academic dishonesty, are subject to the steps outlined below. Please note that the Administrative Council must handle plagiarism issues. Also, all matters related to plagiarism must be resolved before a grade appeal request can be addressed.

The following procedure for appealing a grade must be followed in the order listed:

- The student should first contact the instructor to request verification of the grade and how it was calculated.
- If resolved satisfactorily, the matter will be considered closed. If the instructor changes the grade, the appropriate procedure for grade changes will be followed.
- However, if the student does not reach a resolution with the instructor, the student should appeal to the Department Chair formally. The Department Chair will confer with the student and the faculty member, independently or jointly, in an attempt to reach closure. A copy of a grade appeal form must also be filed with the Director of Enrollment and Student Services.

- If closure is not reached at this level, an Administrative Council will review the circumstances presented. The written appeal must state the name of the course, the reasons for the request, the dates involved, the name of the instructor who assigned the grade, and previous attempts at resolving the situation.
- The Chief Academic Officer will forward copies of the student's request letter, along with the instructor's and Department Chair's grade appeal response form and any supporting documentation from the student and the instructor, to the Administrative Council for a hearing. Members of the Administrative Council will sit as the investigative body. If the Council requests additional information for the hearing, the Chief Academic Officer will coordinate its collection. After the hearing, a final decision will be made. If the Council decides that a grade change is appropriate, the request will be made in writing to the Director of Enrollment and Student Services, and the grade will be changed effective immediately. However, if the Committee decides that the grade will stand, the student will be notified in writing of that decision.
- The decision of the Administrative Council is final and may not be appealed.

Withdrawal Policy

A student may withdraw from or drop an individual course until the published (See Kingdom College Academic Calendar) dates for the fall, spring, or summer semester. After this period, students are expected to maintain their course loads. A student contemplating withdrawal from a course is strongly encouraged to contact his or her academic advisor before changing the schedule, as such changes can delay graduation. Also, plan for the impact dropping classes may have on insurance (health & auto), financial aid, scholarships, loans, and veterans' assistance. Ask the Registrar/Financial Aid Officer about this. (Full-time status is 12 credit hours for undergraduate students, and 9 credit hours for graduate students.) A student may not withdraw from or drop individual courses in which penalty grades were assigned as a result of academic misconduct.

No permanent notation is made of a course that is dropped during the designated change of schedule period (drop/add). A course dropped after the designated end of the change of schedule period (drop/add) to the end of the published deadline to withdraw for each semester is indicated on the student's permanent academic transcript with a grade of W.

Withdrawal for Active Military Duty

For purposes of this section, active military duty means: service, whether voluntary or involuntary, in the Armed Forces, including service by a member of the National Guard or Reserve, on active duty, active duty for training, or full-time National Guard duty under a call or order to active duty of more than thirty consecutive days.

A student who has been admitted to or who has been enrolled at Kingdom College may request a withdrawal to fulfill a U.S. military obligation. The student should notify the Office of the Registrar and provide documentation of his or her call to service, and submit notification whether or not he/she intends to return to the College. Graduate students should also provide documentation to the Registrar.

Withdrawal is not contingent on the student's notification of intent to return to the College. The intent to return is used as information for future communication with the student.

A student returning from active military duty may be readmitted per the readmission provisions in the Higher Education Opportunity Act of 2008 (Section 484C of the HEA) and implementing regulations in 34 CFR. (<https://www.ecfr.gov/current/title-34/subtitle-B/chapter-VI>) A student can be promptly readmitted, providing he or she withdrew to fulfill a U.S. military obligation, was not dishonorably discharged from the uniformed services, and the cumulative length of his/her absence and of all previous absences from undergraduate studies due to military service did not exceed five years.

When a student is called to active military duty during an academic term, he or she may choose one of the following three options:

1. The student may request retroactive withdrawal to the beginning of the semester, with a full refund of tuition and fees.
2. If at least 75 percent of the term has been completed, the student may request that the faculty member assign a grade for the course based on the work completed. The final decision about grading is left to the faculty member.
3. If the faculty member assigns a grade of I, the student will have a minimum of two weeks after returning to campus to complete the course requirement. Additional time may be granted if alternative arrangements are made with the faculty member, and provided the alternative arrangement is in compliance with Alabama Code S3 31-12-3. (<https://codes.findlaw.com/al/title-31-military-affairs-and-civil-defense/al-code-sect-31-12-3.html>) This requires individuals be restored to the educational status he or she had prior to military duty, without the loss of academic credits earned, scholarships or grants awarded, or tuition and other fees paid prior to the commencement of military duty.

Withdrawal for Spouses of Service Members Called to Active Duty

A student who is the spouse of a service member called to active duty qualifies for the same withdrawal options that apply to service members. The student should notify the Office of the Registrar and provide documentation of the call to service, and submit notification whether or not he/she intend to return to the College. Graduate students should also provide documentation to the Registrar. Withdrawal is not contingent on the student's notification of intent to return to the College. The intent to return is used as information for future communication with the student.

Refunds for Withdrawal

A student who withdraws from Kingdom College through a formal application with the Registrar, or who withdraws without notice, will receive adjustments to the refund of expenses, or a reduction in financial aid or veterans' benefits. The federal Title IV pro rata percentage will determine the refund or reduction amount based on the amount of time spent in attendance if the student was the recipient of any financial aid, veterans' benefits, or scholarships. The pro rata percentage determines the adjustment at the time of withdrawal, up to the 60 percent point in a class term. After the 60 percent point, a student has earned 100 percent of the financial aid and expenses incurred for a class term. The date the student either formally or informally initiates the withdrawal process in writing, or the last date of attendance, is considered the withdrawal date. If a date of intent to withdraw cannot be determined, the midpoint of the term will serve as the withdrawal date.

Refunds of unearned prepaid tuition, fees, and other charges shall be made in the following manner within thirty (30) days of termination. If cancellation occurs within the designated change of schedule period as posted on the Kingdom College Academic Calendar, all money paid by the prospective student shall be refunded. If a drop/withdrawal occurs after those published dates but before midnight the very next Friday, 75% tuition-only will be refunded for the hours dropped or withdrawn (this does not include fees, as fees are still due as charged initially). If drop/withdrawal occurs prior to midnight the following Friday, 50% tuition only will be refunded for hours dropped or withdrawn (this does not include fees, because fees are still due as charged initially). Finally, when a drop/withdrawal occurs prior to midnight, the third Friday following the end of the designated change of schedule period, 25% of tuition may be refunded for hours dropped or withdrawn (this does not include fees, which remain due as charged initially). Once books and supplies are issued and received by students, they become the students' property, and refunds may be made only at the bookstore's discretion. This refund policy complies with the Federal Department of Education Title IV requirements. (Kingdom College is not currently approved for Title IV benefits, but will use this method in preparation for that approval.)

Refunds for Involuntary Withdrawal or Dismissal

When a student is involuntarily dismissed for disciplinary reasons, he or she will receive a pro rata reduction in financial aid or veterans' benefits. Kingdom College will refund tuition charges at one-half the pro rata percentage of financial assistance. (Kingdom College is not currently approved for Title IV benefits, but will use this method in preparation for that approval.)

Important Note

After the Last Day to Drop with a W, a student must petition the college office for approval to withdraw or drop for reasons beyond the student's control. The presumption is that the student CANNOT withdraw without extenuating circumstances, which must be documented. Specifically, the student cannot drop/withdraw because he or she isn't doing well in the class after the deadline. The College allows a sufficient amount of time to make this judgment call and to ask for guidance. This note also applies to any retroactive withdrawal or drop. Supporting documentation is required in the withdrawal appeal process. These documents can be submitted via email to the Registrar: pjhamm@kingdomcollege.net. Typically,

these documents include professor confirmation of the last day attended, death notices or obituaries, doctor's notes, etc. The Withdrawal Appeal Form can be obtained by contacting the Registrar.

There are many variables in determining if a balance will be owed when a student withdraws from all courses for any reason. Tuition and fee liability is based on the withdrawal date, not the reason for the withdrawal. The College is required to calculate the unearned semester percentage, return the amount of any unearned aid and the resulting balance remaining must be paid to the College. **The last date to withdraw each semester is published in the Kingdom College Academic Calendar.**

FINAL EXAMINATIONS

Final examinations are an integral part of a student's education at Kingdom College. These examinations will be given in the final week of each semester's academic calendar. Each student is expected to be present during this time and to abide by the instructor's policy concerning final examinations. Any student who fails to comply will earn a zero on the exam.

Extenuating circumstances will be evaluated on a case-by-case basis. Any appeals by a student are to be made to the Chief Academic Officer no later than the date of the final examination for the class in question.

COMPUTER USAGE POLICY

Kingdom College's computer usage policy is, in essence, about being a good and wise steward of technology. The following standards do address all areas of stewardship, but they do not provide some parameters that, when followed, lead to wise stewardship of technology resources.

- Kingdom College technology device and bandwidth usage should not be excessive so that it does not impede on the ability of others to access these resources. Limit personal gaming and social media use, especially during peak hours.
- Respect standards of good taste by not accessing pornography or gambling on Kingdom College devices, while using Kingdom College networks, or while representing Kingdom College in any capacity.
- Only Kingdom College students, faculty, staff, and specific guests are authorized to have access to computing, video, and voice networks, and ID cards. No student is allowed to grant unauthorized access to any technological resource of Kingdom College or to use illegal software. This does not include all prohibited uses of technology. All federal, state, and local prohibitions on technology are also in effect at Kingdom College.

- All technology and network usage must comply with federal, state, and local law, along with Kingdom College policies. For example, students may not use technology to harass others, to plagiarize, to send email through false user names, to steal other student or staff passwords, to distribute copyrighted material illegally to others, to use shareware without registering mass messages that need to be sent out on behalf of college business on the student's part are to be considerate of others. The messages should include the sender's name and title. Mass messages are sent only if they pertain to Kingdom College business and will be sent as a blind copy.
- As a matter of courtesy, as any reputable airline attendant would say, "Please make sure that all cell phones and other electronic devices are in the 'off' position and properly stowed for the duration of our class period." If you need to be accessible for emergencies, please make sure your cell phone is set to "vibrate only" and that you respond to calls outside the classroom. As a matter of courtesy, if you think you may need to leave the room during the class period, please sit close to the exit to minimize disruption to fellow students.
- You may bring your laptop or other technology to class and use it to take notes. However, if the use of your laptop/technology becomes disruptive or if it impedes your ability to attend to subject matter (i.e., surfing the net, preparing assignments for this or other classes, etc.), you will be asked to shut down your program and leave your laptop/technology at home.
- Kingdom College will pursue disciplinary actions and legal actions, if necessary, in response to violations of computer and technology usage.

INTELLECTUAL PROPERTY

Kingdom College maintains rights to intellectual property created at college expense. The College reserves the right of ownership of all intellectual property, including, but not limited to, curricular materials, books, Web pages, electronic publications, and programs written or otherwise created by a student, instructor, or staff member while using College materials or equipment and while working during time that the College compensates.

GRADUATION

Graduation from any degree program at Kingdom College is a significant milestone in a student's life. Before graduation, it is essential to the student to know if he or she has met all of the requirements for graduation. It is the student's responsibility to complete and submit an Application for Graduation one semester prior to the intended date of graduation. The student will submit this completed application, along with any required documentation and fee, to the Director of Enrollment and Student Services. The student should meet regularly with the advisor, and the advisor will either recommend or deny the student as eligible for graduation one semester prior to graduation. Any student recommended for graduation must complete all requirements for graduation or that student will not have a degree posted.

Commencement takes place at Kingdom College as needed in May, August, and December.

The commencement ceremony is a significant ritual in a graduate's life. The importance with which commencement is given at Kingdom College is something a graduate will always remember. Just as a student prioritizes attending classes and other required expectations, the commencement ceremony is part of a student's educational experience. A student is encouraged to attend his or her graduation.

Diplomas

Graduates of Kingdom College will be mailed their diplomas in a timely fashion following graduation, if, for some reason, the diploma is not received at the ceremony.

All efforts will be made to notify students who are not eligible for participation in commencement if the degree requirements are not met. However, any student who has not met all requirements for graduation but has participated in commencement will not receive his or her diploma or transcript until all requirements are met. Remember that it is the sole responsibility of the student to know the requirements for graduation and to meet all requirements for graduation. Any questions about the requirements are to be addressed with the student's academic advisor well in advance of commencement.

HEALTH AND SAFETY

Kingdom College Sexual Harassment Policy

It is the policy of Kingdom College, and all departments thereof, to prevent sexual harassment and to guard against any occurrence that remotely resembles this illegal act. Sexual harassment lowers morale and is damaging to the college environment. Therefore, Kingdom College will treat sexual harassment like any other form of misconduct. It will not be tolerated.

Sexual Harassment Defined

"Sexual Harassment" is defined as unwelcome sexual advances, requests for sexual favors, and other verbal, visual, written, or physical conduct of a sexual nature when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of any individual's employment; or
- Submission to or rejection of such conduct by any individual is used as the basis for employment decisions affecting an individual; or
- The purpose or effect of such conduct is to substantially interfere with the individual's work performance or to create a hostile or abusive work environment.

Identification of Sexual Harassment

Sexual harassment may occur in a variety of forms. Four categories of sexual harassment and some concrete examples of conduct, which may constitute sexual harassment, if unwelcome, are:

- Verbal-unwelcome words of a sexual nature directed at another, including: making sexual demands or sexual propositions; sexual innuendoes; demeaning sexual jokes; references to a person's anatomy; catcalls; whistles; demeaning name-calling; remarks on the intimate details of one's life or sexual likes or preferences; and, if unwelcome, invitations for lunch, dinner, drinks, or dates.
- Visual- unwelcome exposure to visual objects such as pictures, photos, drawings, cartoons, magazine, objects, or posters (including poster calendars); sexually obscene gestures or obvious staring; and nudity.
- Written notes or letters of sexual content or propositions; sexually explicit literature, poems, or magazine articles containing obscene words, phrases or graphics on walls, bulletins, or posters that contain any of the previously mentioned obscenities.
- Physical-unwelcome physical contact with another, including touching, hugging, kissing, patting, fondling, grabbing, rubbing, pinching, and in some instances, close physical positioning.

This list does not include all possible behaviors that could be viewed as sexual harassment by Kingdom College and result in job discipline. It is merely a list of offensive behaviors. Other behavior might be viewed as being sexually harassing, depending on the circumstances and frequency with which it occurs. Plus, some of the behavior on the list might not, in all circumstances, be sexually harassing, such as when they are not unwelcome.

Employees are reminded, however, that certain behaviors may be inappropriate for other reasons, even if the behavior is not sexually harassing. For example, intimate behavior at work, such as kissing and handholding with a willing partner, is always unprofessional.

Who Can Be Involved in Sexual Harassment?

Sexual harassment can occur in a wide variety of circumstances and may encompass many variables. It is important to realize that:

- Harassers can be of either gender (male or female);
- Harassers may be supervisors of victims, but harassers may also be co-workers or even non-employees;
- Harassers and victims need not be of the opposite gender, if the conduct is still based upon sex;
- Victims may be third-party observers, affected by the behavior of others and exposed to a hostile or abusive atmosphere based upon sex;
- Victims need not suffer any financial loss;
- The sexual harassment need not seriously affect a victim's psychological well-being or lead the victim to suffer injury; instead, conduct or an environment based upon sex that a reasonable person would and does believe to be hostile or abusive constitutes sexual harassment.

If You Are Subjected to Sexual Harassment, Register A Complaint with Your Supervisors/Administrators.

Any employee or student at Kingdom College who feels they have been subjected to sexual harassment should register a complaint with their immediate superior or with the Human Resources Department.

The sexual harassment complaint may initially be made verbally by speaking with the appropriate supervisor. The complaint will then have to be put in writing and signed and dated by the person complaining. Kingdom College is committed to building a healthy and safe campus environment; thus, members of the campus community may bring complaints or concerns about discriminatory, harassing, or retaliatory behavior to the attention of faculty, supervisors, department chairs, deans, or the Human Resource Department. Any of the above to whom a complaint or concern has been reported must promptly notify the Director of Human Resources whether or not a formal complaint is anticipated. Discrimination, harassment, and retaliation must be reported even if the complaining employee or student is not a specifically intended target of the conduct.

The investigative process will protect, to the extent possible, the identity of the complainant in accordance with the complainant's request, with the understanding that the college may need to take certain steps even if a complainant requests that his or her identity be protected. The college will act, to the extent possible, to protect the complainant once a complaint has been filed. The college may need to initiate an investigation and disciplinary action even if the complainant does not request it because the college has a legal obligation to resolve any reported discrimination, harassment or retaliation.

Prompt Investigation of Complaint

Kingdom College shall fully, impartially and promptly investigate any sexual harassment complaint filed by one of its employees. The President will assign an investigator who will be in charge of these investigations to ensure a thorough investigation and to assist in maintaining the confidentiality of the matter to the fullest extent practicable.

Confidential Report of Investigation

The investigator will timely file a confidential written report of the investigation's results to either an impartial supervisor of the complainant or to the President, depending on the situation at hand. Also, the complainant will be promptly informed of the investigation's results.

Prompt Remedial Action

Kingdom College will take prompt action to end any sexual harassment. Following a report by the investigator that sexual harassment in fact occurred, Kingdom College shall take immediate steps to discipline the offending employee or employees, including, if appropriate, immediate discharge.

Any Kingdom College employee who acts in a manner to sexually harass any other Kingdom College employee is acting outside the line and scope of their employment with the Kingdom College.

Right Of Rebuttal

Both the complaining employee and the employee accused of sexual harassment have the right to submit facts, documents, or other evidence contesting the investigator's report to a higher supervisor or to the President, if the circumstances so dictate.

Retaliation Prohibited

No employee of Kingdom College shall discharge or otherwise discriminate or harass any other Kingdom College employee who has filed a complaint of sexual harassment under this policy or who has sought redress for sexual harassment with the Equal Employment Opportunity Commission or by instituting an action in Court.

Notice

Kingdom College shall take all appropriate steps to inform all employees of Kingdom College of the contents of this policy. Kingdom College encourages employees to come forward if they have any information about a sexual harassment complaint. Remember, if you do not make your complaint known to your supervisors, there will not be any opportunity for Kingdom College to assist you in ending the sexual harassment.

Illegal and Legal Substances

Kingdom College prohibits the possession, use, or distribution of illegal substances and the abuse or illegal use of legal substances, including prescription and over-the-counter medications.

Tobacco—Kingdom College and all of its campuses are tobacco-free, including smokeless tobacco and electronic cigarettes.

Alcoholic Beverages—Kingdom College and all of its campuses are alcohol-free. Alcoholic beverages are not permitted at any college functions or programs on or off campus.

GAMBLING

Gambling (the exchange of money or goods by betting or wagering) is not acceptable at Kingdom College or any of its campuses.

RELEASE OF LIABILITY

Student participation in certain activities and coursework presents a degree of risk to the person and/or property. Because of these risks, a student and his or her parent or guardian will sign specific forms releasing Kingdom College from all liability for any injuries or damage to personal property that results from participation in these activities.

Extenuating circumstances will be evaluated on a case-by-case basis. Any appeals by a student are to be made to the Chief Academic Officer no later than the date of the final examination for the class in question.

INCLEMENT WEATHER PROCEDURES

It is the role of the Director of Enrollment and Student Services to monitor severe weather threats and the potential for the weather threats to cause harm to any members of the Kingdom College Community. School cancellations due to severe weather will be announced as soon as possible and posted on social media and local television and weather stations.

STANDARDS OF CONDUCT AND DISCIPLINE

STUDENT POLICIES AND PROCEDURES

Compliance with the college's day-to-day policies and procedures is expected from all. These routine items are listed in the Kingdom College Policies and Procedures, the Employee and Faculty Handbook, and the Undergraduate and Graduate Catalog.

Academic Dishonesty

Academic dishonesty is a violation of the principles of honesty and integrity and may result in substantial penalties, including an automatic zero on an assignment and automatic college academic probation. If another violation of academic dishonesty is confirmed, the student may be suspended from the college for a minimum of one year.

Some examples of academic dishonesty: Plagiarizing, cheating, submitting the same or a similar paper in different classes without the instructors' permission, and sabotaging other students' work. All examples of academic dishonesty will be reported to the Chief Academic Officer. Also, penalties for academic dishonesty in an instructor's class will be explained in the syllabus that is presented at the beginning of each academic class, and those penalties will be enforced for academic dishonesty.

Academic Dishonesty Appeal

A student may appeal a teacher's accusation of academic dishonesty regarding plagiarism and cheating when the student believes he or she has been wrongly accused of academic dishonesty.

Academic dishonesty appeals may be made up to thirty working days after the student receives the final grade in a class. The first step in the academic dishonesty process is to set up an appointment with the instructor whom the student wants to appeal. If this meeting does not bring resolution to the issue, the second step is to meet with the Department Chair. If a resolution of the issue does not occur, the third step is to set up a conference with the Administrative Council. The decision of the Administrative Council is final.

Student Disciplinary Procedures

General Policy of Conduct

When students are admitted to Kingdom College, they are expected to conduct themselves with self-control and restraint. Rules and regulations cannot be written for every possible violation that could be committed. The general policy of conduct is that Kingdom College students will live as people of faith and conduct themselves in wisdom and in love, with Jesus Christ serving as the model of how to live their daily lives. Please make sure that you have read the Life Together Covenant and the Biblical Responsibilities.

Self-Report

A student who is struggling with a violation or a difficulty in life is always encouraged to seek help from a member of the Kingdom College community. Every effort to restore healing and relationships will be made. The student may initiate a confidential interaction with any staff member at Kingdom College without the threat of disciplinary action. The staff member will work with the student on the personal problem, guiding him or her to make wiser choices and engage in Christ-like living. In cases where the student's problem or behavior is self-destructive, harmful to self or others, illegal, or hazardous, exceptions to confidentiality will be made and the student will be referred to the appropriate resource that will serve the student's best interest.

interest.

Disciplinary Process: Potential Consequences

A student who commits values violations is subject to one or more of the following penalties.

Values violations are behaviors that are incongruent with Kingdom College's interpretation of Christian values.

Community service is a designated number of hours serving the community.

- Final Suspension - Permanent suspension of the student from Kingdom College
- Fine - financial consequence related to the violation
- Immediate suspension - This would occur until a hearing could take place.
- Loss of privilege from specific college activities
- Reprimand - conversation with the student about how to make wiser choices in the future and a warning of further penalties if the violation continues
- University probation - a conditional period where the student's standing at Kingdom College is in jeopardy, whereby enrollment in the college is dependent on the student not committing further values violations and also being a good citizen in the college community
- University suspension - Removal from Kingdom College for the remainder of the semester without reimbursement of tuition
- Written assignment - Personal reflection paper or research paper related to the values violation
- Counseling with a licensed counselor appointed by Kingdom College to assess the student

Readmission After Suspension

Any Kingdom College student who has been suspended will be allowed to reenroll by the date that the Administrative Council deems appropriate for reenrollment if approved for reenrollment.

GENERAL EDUCATION REQUIREMENTS

The College's general education requirements will provide the knowledge, skills, and values essential to all academic disciplines. These courses will expose students to commonly recognized areas of knowledge, introduce them to diverse subject areas, and equip them with skills essential to careers and lifelong learning. Embedded in each course will be the recognition of the truth that all knowledge and skill have as their source the God of creation, who imparts these gifts to mankind according to His mercy and grace.

The student will

- Be able to demonstrate competencies in problem-solving, decision-making, and critical thinking through effective communication, reasoning, and the ability to use scientific and technological processes and procedures.
- Complete 1 semester hour of Orientation.
- Complete 3 semester hours of Technology courses.
- Complete 6 semester hours of English Composition.
- Complete 6 semester hours of courses in the Humanities.
- Complete 6 semester hours of courses in the Fine Arts.
- Complete 8 semester hours in Natural Sciences (that include laboratory experiences).
- Complete 3 hours in Mathematics
- Complete 6 semester hours in History
- Complete 6 semester hours in Social/Behavioral Science.
- Complete 12 semester hours in Biblical Studies.

Associate of Science in General Education

Purpose

An Associate's Degree in General Education offers several benefits to students, including cost-effectiveness, flexibility, and a foundation for further education. It can be a stepping stone to a bachelor's degree, allowing students to save money and time by completing core requirements at a lower tuition cost. It also provides a broad base of knowledge, making graduates more adaptable and potentially increasing their career options.

Student Learning Outcomes/Objectives

Upon completion of this degree, the student will be able to:

- Students will demonstrate competency in communicating effectively in both written and oral forms, adapting their communication to different audiences and purposes.
- Students will demonstrate competency in the ability to analyze information; problem solve and make reasoned judgments based on evidence.
- Students will demonstrate competency in being able to locate, evaluate, and use information effectively and ethically.
- Students will demonstrate ability in using mathematical and statistical concepts to interpret data and solve problems.
- Students will be able to understand the scientific method, basic scientific concepts, and apply them to real-world situations.
- Students will demonstrate knowledge in the areas of understanding human behavior, social structures, historical events, and cultural diversity.

- Students will demonstrate ability in communicating a Christian worldview in core subject materials.

Department of Certification and Community Development

Bereavement and Grief Counseling Certification

This program leads only to certification and is not a degree program. (Completion of the following four Bereavement and Grief Counseling classes – 12 semester hours.) However, you will earn college credit upon successful completion of these courses. That credit could later be used, or used simultaneously, toward an Associate's or Bachelor's-level degree.

Purpose

The Bereavement and Grief Counseling Certification Program is designed to prepare students to work with those who have experienced grief and loss. This program will introduce students to the history and concepts of bereavement and grief while preparing them to work with a variety of people in both individual and group settings. In addition, this program will provide students with community resources to assist in healthy healing for the bereaved. While in the program, students will learn important relationship and communication skills to come alongside those who are experiencing loss. An important

part of this program will be a supervised clinical experience in which students will practice helping skills and develop professionally. This is a four-semester program, as outlined below, designed to equip and empower men and women to go out into the community to help in the areas of grief and bereavement from a Christian worldview perspective. This program trains students to be able to assist people through their journey of loss, utilizing the skills and training in addition to the compassion and empathy they have for those who are grieving.

Student Learning Outcomes/Objectives

Upon completion of this certificate, the student will be able to:

- To equip students with the skills necessary to address the issues of grief and educate the students in the steps to assist a grieving person in the journey of bereavement.
- To educate students in the helping relationship of assisting grieving people.
- To instruct students in the resources needed for grieving people.
- To introduce students to the psychoeducational component of grief and bereavement.
- To educate students in the development and facilitation of grief groups within the community. To allow students to hone their skills through a clinical internship under the supervision of a Licensed Professional Counselor.

Chaplaincy Certification

This program leads only to certification and is not a degree program. (Completion of the following four or five Chaplaincy classes – 12 – 15 semester hours.) However, you will earn college credit upon successful completion of these courses. That credit could later be used, or used simultaneously, toward an Associate's or Bachelor 's-level degree.

Purpose

To provide, in a variety of settings, basic and advanced training in chaplaincy skills, helping skills, crisis intervention, and counseling.

Student Learning Outcomes/Objectives

- Upon completion of this certificate, the student will be able to:
- Identify the various roles of chaplains and the skills needed for each role.
- Demonstrate basic counseling skills in various situations, including crisis, trauma, and grief.
- Share biblical and theological elements as part of a chaplaincy ministry.
- Understand current trends and issues pertaining to the roles of chaplains.

Chaplaincy is a calling and a powerful ministry. Chaplains serve in a variety of settings: Hospitals, jails, prisons, police departments, fire departments, denominational ministries, churches, military, crisis centers, team sports, athletics, corporations, and counseling ministries. Chaplains serve an important role in caring for people in times of distress, trauma, and natural disaster. Chaplains serve both in voluntary and paid capacities. To be effective, this requires a specific skill set. The Chaplain Certification Program provides for basic and advanced training in necessary chaplaincy skills, taught by experienced chaplains with doctoral degrees. Those who would benefit from this program include those interested in serving in the chaplaincy and those already serving as chaplains who want to hone their skills.

This class is designed to prepare students for English Composition at the college level.

ENG 101. ENGLISH COMPOSITION I (3 hours)

Prerequisite: A grade of C or better in a remedial English course, or a sufficient score on the English placement exam, or a score of 20 or better on the ACT test or equivalent SAT score. The student's grade point average and grades in high school for English may be factored in and an advisor may make this placement with a documented recommendation.

English Composition I provides instruction and practice in the writing of at least six (6) extended compositions and the development of analytical and critical reading skills and basic reference and documentation skills in the composition process. English Composition I may include instruction and practice in library usage.

ENG 102. ENGLISH COMPOSITION II (3 hours)

Prerequisite: A grade of C or better in ENG 101

English Composition II provides instruction and practice in the writing of six (6) formal, analytical essays, at least one of which is a research project using outside sources and/or references effectively and legally. Additionally, English Composition II provides instruction in the development of analytical and critical reading skills in the composition process. English Composition II may include instruction and practice in library usage.

ENG 201. AMERICAN LITERATURE I (3 hours)

Prerequisite: ENG 102

American Literature I is a survey of American literature from its inception to the middle of the nineteenth century. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the words to their historical and literary contexts, and understand relevant criticism and research.

ENG 202. AMERICAN LITERATURE II (3 hours)

Prerequisites: ENG 102

American Literature II is a survey of American literature from the middle of the nineteenth century to the present. Emphasis is placed on representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetic and thematic aspects of these works, relate the words to their historical and literary contexts, and understand relevant criticism and research.

ENG 203. WORLD LITERATURE I (3 hours)

Prerequisites: ENG 102

World Literature I is a study of selected literary masterpieces from Homer to the Renaissance. Emphasis is placed on major representative works and writers of this period and on the literary, cultural, historical, and philosophical forces that shaped these works and that are reflected in them. Upon completion and in written compositions, students will be able to interpret the aesthetical and thematic aspects of these works, relate the works to their historical and literary contexts, and understand relevant criticism and research.

ENG 204. WORLD LITERATURE II (3 hours)

Prerequisites: ENG 102

World Literature I is a study of selected literary masterpieces from the Renaissance to the present. First Responder Chaplaincy (FRC)**FRC 101 Getting to Know the Roles, Functions, and Responsibilities of a First Responder While Developing Healthier Habits (3 hours)**

Students will be introduced to the various roles of first responders, the requirements to become a first responder, and the duties of being a first responder. This class covers the various roles and functions of law enforcement officials and firefighters, as well as strategies for healthier coping skills and habits.

FRC 102 Facilitation Skills for Individual and Group Work with First Responders (3 hours)

Students will develop appropriate communication skills and appropriate approaches to be utilized with first responders. Students will be exposed to various situations in which first responders have had interactions. Students will do role plays in this class as well as work with various scenarios in which the use of appropriate communication skills and appropriate approaches will be demonstrated by the students.

FRC 103 Integrating Christian Faith into the Healing Process of a First Responder (3 hours)

In this class, students will be instructed in the integration of their Christian faith into their role as chaplain in assisting first responders dealing with stress and trauma from their jobs. Students will be instructed in assisting traumatized first responders to utilize God's word in their healing journey.

FRC 104 Working with a Hurting Community and Partnering with Local Churches (3 hours)

This class allows students to learn more about local community mental health services and churches that work with families of first responders dealing with marriage and family issues, as well as mental health issues. Students will be guided in developing a resource-based based for their local community to be used as they minister to first responders.

FRC 105 First Responders Chaplaincy Internship (3 hours)

Within a professional and supervised setting, this class will assist students in their training to help first responders as well as families of first responders.

HISTORY (HIS)

HIS 101. AMERICAN HISTORY I: AGE OF EXPLORATION TO RECONSTRUCTION (3 hours)

This course is a survey of the history of the United States during the colonial, Revolutionary, and early national and antebellum periods. It concludes with the Civil War and Reconstruction.

HIS 102. AMERICAN HISTORY II: RECONSTRUCTION TO THE PRESENT (3 hours)

Prerequisites: HIS 101

This course is a continuation of American History I. It surveys the economic, political, cultural, and diplomatic history of the United States since the Civil War.

HIS 103. WORLD HISTORY I (3 hours)

This course surveys social, intellectual, economic, and political developments which have molded the modern world. Focus is given to both non-western and western civilizations from the prehistoric era to the early modern era.

HIS 104. WORLD HISTORY II (3 hours)

Prerequisites: HIS 103

This course is a continuation of World History I. It surveys world history, both western and non-western, from the early modern era to the present.

LAY COUNSELING (LCS)

LCS 101. LAY COUNSELING I (3 hours)

Introduction to lay counseling.

LCS 102. LAY COUNSELING II (3 hours)

Prerequisites: LCS 101

Study of basic biblical knowledge as it relates to personal problems, helping people, and the person and work of the Holy Spirit.

LCS 103. LAY COUNSELING III (3 hours)

Prerequisites: LCS 102

Introduction to concepts and techniques of key approaches to psychotherapy and counseling. Discussion includes the practical applications and empirical support of each counseling approach.

LCS 104. LAY COUNSELING IV (3 hours)

Prerequisites: LCS 103

This course prepares students to assess sources of depression and anxiety that clients commonly present with, including grief, anger, guilt, loss, hopelessness, shame, relationship conflict, cognitive distortions, suicidal ideation, and unresolved trauma. This course provides students an understanding of the assessment and referral process and prepares lay counselors for initial intake sessions and treatment planning. Resource development is a key component of this course. This course also provides practical experience for the lay counselor via field experience and supervision.

LAW ENFORCEMENT (LEC)

LEC 101 Introduction to the History of Law Enforcement (3 hours)

This course provides students with an introductory survey of the history of law enforcement in America. This course will cover the early establishment of laws on a local and federal level. Basic examples of each of these levels will be covered. Special attention will be given to the history of local law enforcement.

LEC 102 Roles, Functions, and Agencies of Law Enforcement (3 hours)

Students in this course will be given the definitions and parameters of operations for the various roles, functions, and agencies of law enforcement. This course will primarily focus on state and local law enforcement agencies, with some attention given to federal agencies.

LEC 103 Introduction to Law Enforcement Terminology (3 hours)

Basic law enforcement terminology will be studied throughout this course. This course will cover terminology that might be used in the field and in the office during report writing. This terminology course will cover federal, state, and local terms that law enforcement officers may utilize in the course of exercising their duties.

LEC 104 Communication and Reporting in Law Enforcement (3 hours)

This course will instruct students in law enforcement report writing, notetaking, and interviewing techniques. Students will gain valuable experience in mock interviews and mock report writing.

LEC 105 Law Enforcement and Mental Health (3 hours)

This course will train students to identify and address mental health issues in the various populations law enforcement officials encounter in their daily duties. Students will further be instructed in how to make appropriate referrals and utilize appropriate local resources in dealing with individuals demonstrating mental illness.

MATHEMATICS (MTH)

*Remedial or introductory and does NOT meet the requirements to transfer to most universities

*MTH 099. ELEMENTARY ALGEBRA (3 hours)

Prerequisite: Appropriate mathematics placement score

This course is a review of the fundamental arithmetic and algebra operations. The topics include the numbers of ordinary arithmetic and their properties; integers and rational numbers; the solving of equations; polynomials and factoring; and an introduction to systems of equations and graphs.

***MTH 100. INTERMEDIATE COLLEGE ALGEBRA (3 hours)**

Prerequisite: MTH 99 or appropriate mathematics placement score

This course provides a study of algebraic techniques, such as linear equations and inequalities, quadratic equations, systems of equations, and operations with exponents and radicals. Functions and relations are introduced and graphed with special emphasis on linear and quadratic functions. This course does not apply toward the general core requirement for mathematics.

MTH 110. FINITE MATHEMATICS (3 hours)

Prerequisite: All core mathematics courses must have as a minimum prerequisite high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score. An alternative to this is that the student should successfully pass with a C or higher Intermediate College Algebra.

This course is intended to give an overview of topics in finite mathematics together with their applications. This course will draw on and significantly enhance the student's arithmetic and algebraic skills. The course includes sets, counting, permutations, combinations, basic probability (including work with Binomial Distributions and Normal Distributions), matrices and their applications to Markov chains and decision theory. Additional topics may include symbolic logic, linear models, linear programming, the simplex method, and applications.

MTH 112. PRECALCULUS ALGEBRA (3 hours)

Prerequisites: All core mathematics courses must have as a minimum prerequisite high school Algebra I, Geometry, and Algebra II with an appropriate mathematics placement score. An alternative to this is that the student should successfully pass with a C or higher Intermediate College Algebra.

This course emphasizes the algebra of functions – including polynomial, rational, exponential, and logarithmic functions. The course also covers systems of equations and inequalities, quadratic inequalities, and the binomial theorem. Additional topics may include matrices, Cramer's Rule, and mathematical induction.

MUSIC (MUS)

MUS 101. MUSIC APPRECIATION (3 hours)

A basic overview of the history of music to include the various historical periods such as Baroque and Romantic. Included in this course will be a study of the historical impact of music on culture with an emphasis of how music impacted religion throughout the ages.

PHYSICAL SCIENCE (PHS)**PHS 103. PHYSICAL SCIENCE I (4 hours)**

This course provides the student with an introduction to the basic principles of geology, oceanography, meteorology, and astronomy. All major proposals about the origin of the earth and universe (including the Biblical account of creation) will be reviewed, assessed, and critiqued. Laboratory is required.

PHS 104. PHYSICAL SCIENCE II (4 hours)

Prerequisites: MTH 110 or MTH 112

This course provides the student with an introduction to the basic principles of chemistry and physics. Any reference to the natural laws governing the universe will include a view from the perspective of the Biblical account of creation. Laboratory is required.

POLITICAL SCIENCE (POL)**POL 201. AMERICAN NATIONAL GOVERNMENT (3 hours)**

This course surveys the background, constitutional principles, organization, and operation of the American political system. Topics include the U.S. Constitution, federalism, civil liberties, civil rights, political parties, interest groups, political campaigns, voting behavior, elections, the presidency, bureaucracy, Congress, and the justice system. Upon completion, students should be able to identify and explain relationships among the basic elements of American government and function as more informed participants of the American political system.

PSYCHOLOGY (PSY)**PSY 200. GENERAL PSYCHOLOGY (3 hours)**

This course is a survey of behavior with emphasis upon psychological processes. This course includes the biological bases for behavior, thinking, emotion, motivation, and the nature and development of personality.

PSY 201. HISTORY OF PSYCHOLOGY AND SYSTEMS (3 hours)

Prerequisites: PSY 200

This course focuses on the historical development of the field of psychology and various systems from the early philosophers and psychologists to the present. Various schools of psychology will be discussed. An examination of science in relation to Christian religious beliefs and practice will be studied.

PSY 202. DEVELOPMENTAL PSYCHOLOGY-LIFESPAN (3 hours)

Prerequisites: PSY 200

Biopsychosocial and spiritual aspects of development from birth to death are the focus of this course. Understanding the physical, cognitive, emotional and social development of human life will be explored through theories, concepts, issues and research methodologies related to the lifespan.

PSY 203. SOCIAL PSYCHOLOGY (3 hours)

Prerequisites: PSY 200

This class is an examination of human thought, emotion and behavior in an interpersonal context. Major concepts that are discussed include social perception, formation of attitude, conformity, persuasion, altruism and aggression.

PSY 204. MULTICULTURAL PSYCHOLOGY (3 hours)

Prerequisites: PSY 200

This course introduces the basic principles of multicultural psychology and the ethics and values of Christianity. Students examine the impact of norms and values in shaping their understanding of themselves and others from diverse backgrounds.

PSY 205. SOCIAL ISSUES (3 hours)

Prerequisites: PSY 200

Explores the theory and phenomena of social psychology and current issues existing in today's society. The nature and type of social variables and the methods used to study them, the effect of social variables on current issues will be studied.

PSY 206. PSYCHOLOGY AND THE CHRISTIAN FAITH (3 hours)

Prerequisites: PSY 200

This course surveys the major approaches to and issues in relating psychology to Christianity. Psychology and Christianity are compared in relation to their views of the nature of the human being, the sources of truth, sin and psychopathology, change and sanctification, and other factors.

PSY 207. HUMAN SEXUALITY (3 hours)

Prerequisites: PSY 200

Covers psychological issues in human sexuality including genetic, hormonal, cognitive, and cultural determinants with the emphasis on the Biblical perspective of Creationism. This course covers the causes and treatment of sexual dysfunctions, sexual deviations, sexual life style variations, and gender identity will also be explored.

PSY 208. HEALTH PSYCHOLOGY (3 hours)

Prerequisites: PSY 200

This course investigates mental health issues in daily living. Stress prevention and management along with implementation of coping strategies are discussed. Depression and anxiety connection as well as other mental illnesses relating to gut health is explored.

PSY 209. BUSINESS PSYCHOLOGY/INDUSTRIAL ORGANIZATION (3 hours)

Prerequisites: PSY 200

The focus of this course is how successful managers and employees apply psychological concepts to resolve organizational and interpersonal issues. In addition, it explores personality and group dynamics that affect attitudes and behaviors.

PSY 210. PSYCHOLOGY OF POVERTY/SOCIAL CLASS (3 hours)

Students examine both material wealth (being rich or poor) and relative social rank (being richer or poorer) and study how class relates to multiple areas of psychology—the brain, cognition, development, and social interactions—with particular emphasis at the social and cultural levels. Understanding how the material environment and our position in a hierarchy can powerfully shape our psychology and vice versa are the focus.

PSY 300. CRISIS, TRAUMA, AND PTSD (3 hours)

Prerequisites: PSY 200

This course provides an overview of crisis (process and response), acute stress, long-term consequences of unresolved trauma, PTSD, and evidence-based interventions and treatments.

PSY 301. EXPERIMENTAL PSYCHOLOGY (3 hours)

Prerequisites: PSY 200

The focus of this class is research methods of psychology and the philosophy impacting their use.

PSY 302. PSYCHOLOGY OF ADDICTIONS (3 hours)

Prerequisites: PSY 200

This course introduces the causes, symptoms, diagnosis, treatment and impact of addictions on an individual and society. Maladaptive behavior and physiological characteristics of addictions are explored as well as the effects of chemical abuse on the human body.

PSY 303. PSYCHOLOGICAL MEASUREMENTS/ASSESSMENTS (3 hours)

Prerequisites: PSY 200, MTH 110 or 112

Introduces the rationale of psychological measurement, test construction, validity, reliability, standardization, and statistical treatment of test results. Examines various accepted tests as measurements of significant individual characteristics. Lab Fee

PSY 304. THEORIES OF PERSONALITY (3 hours)

Prerequisites: PSY 200

This class introduces major traditional and contemporary theories of personality focusing on factors contributing to human behavior. Psychological research and assessments will be studied in understanding the many different types of personalities.

PSY 305. COGNITIVE PSYCHOLOGY (3 hours)

Prerequisites: PSY 200

A survey of current scientific models, concepts, and integrative theories of the underlying cognitive processes directing behavior. Topics on human thought include the neural basis of cognition, information processing, perception and attention, problem-solving, reasoning, language structure, memory concepts and principles, and human perceptual experience and consciousness.

PSY 306. NEUROPSYCHOLOGY (3 hours)

Prerequisites: PSY 200, BIO 103 or CHM 103

A survey of contemporary theoretical concepts and research techniques examining the neural basis of behavior with approaches including molecular, cellular, developmental, cognitive, and behavioral neuroscience. Topics include sensory and motor function, learning and memory, and other behaviors are considered using anatomical, physiological, behavioral, biochemical, and genetic approaches, providing a balanced view of neuroscience.

PSY 307. PSYCHOLOGICAL STATISTICS (3 hours)

Prerequisites: PSY 200, MTH 110 or 112

An introduction to descriptive and inferential statistics used in research. This course teaches students how to conduct and interpret correlations, simple regression, several types of t-tests, analysis of variance and chi-squared. Hypothesis testing and type 1 and type 2 is introduced as well.

PSY 308. RESEARCH METHODS (3 hours)

Prerequisites: PSY 200, PSY 303, PSY 307

A study of research methods in contemporary psychology with specific examples from a variety of psychological domains will be introduced to the student focusing on basic concepts of experimental design, collection and analysis of data, interpretation and generalization. Students learn how to write APA style papers.

PSY 309. MARRIAGE AND FAMILY (3 hours)

Prerequisites: PSY 200

This course is designed to help students understand and acquire biblical knowledge and skills related to Christian marriage and the family as the strength of society. Students study topics related to the Bible's teaching concerning the standard for family relationships. The course explores the biblical teachings on manhood and womanhood, purposes of marriage, key components for an effective marriage, roles in a marriage, communication skills and conflict resolution, and physical intimacy. Work in small groups gives students an opportunity to role play and receive feedback concerning their skills. This course is foundational to the curriculum; as such, subsequent coursework builds upon the knowledge, concepts, and skills introduced in this course.

PSY 509. Interdisciplinary Integration and Psychotherapy, (3 hours)

With moral and spiritual maturity as a primary focus, students apply interdisciplinary integrative strategies to the clinical setting using perspectives gained from biblical, theological, and psychological frameworks. This course is foundational to the curriculum. As such, subsequent coursework builds upon the knowledge, concepts, and skills introduced in this course.

PSY 510. Clinical Practicum I: Professional Practice and an Introduction to Case Conceptualization, (2 hours)

This course provides a further introduction to the field of psychology. Students practice basic skills in assessment, interviewing, and sensitivity to diversity, with a special focus on case conceptualization. Activities include practical experience with volunteer clients, role playing and videotaping of clinical practice. Additional exploration of ethical issues in the practice of psychology is also included.

PSY 511. Legal and Ethical Competence for Psychologists, (3 hours)

This course introduces students to the American Psychological Association's Ethical Principles of Psychologists and Code of Conduct and laws relevant to the practice of psychology. Students must pass a competency examination on legal and ethical issues, practice basic clinical skills, and have their clinical work reviewed.

PSY 512. Psychological Theories: Psychoanalytic/Psychodynamic, (2 hours)

Using primary and secondary sources, this survey course provides an overview of the history of psychoanalytic thought from Freud to the present. Prominent theorists and movements within psychoanalytic history will be featured, with an emphasis on central concepts such as: key theoretical concepts, theory of development, philosophy/structure of mind, theory of psychopathology, theory of treatment/change. Empirical support for the efficacy of psychodynamic psychotherapy will be presented. Key movements in the consideration of religion and spirituality within psychoanalysis will also be discussed.

PSY 513. Psychological Theories: Cognitive and Behavioral, (3 hours)

Students will learn the cognitive and behavioral research and theory that underpin evidence-based cognitive-behavioral interventions. Cognitive and behavioral research and theory will be examined in the context of specific populations and disorders. Students will develop a basic understanding of the efficacy of cognitive-behavioral therapy as a psychotherapeutic treatment modality.

PSY 514. Psychological Theories: Group, (2 hours)

This course provides an introduction to the theory and practice of group psychotherapy. Students explore several prominent group therapy models and develop some clinical competency in group therapy.

PSY 515. Advanced Developmental Psychology I, (3 hours)

This course is part of a two-course sequence that helps students learn to utilize a life-span perspective in their work as clinical psychologists. This course reviews important developmental issues and milestones from infancy through adolescence, paying particular attention to context, culture, and environmental issues. Students are encouraged to consider how development occurs within a specific social context and learn how social stress, poverty, low-education attainment, abuse and neglect, and inadequate housing impact development. Biological, social, and psychological aspects of development are included in this course. Models of psychological development are presented, and the processes of change and adaptation are examined, including clinical issues such as grief and loss. Clinical application of the material is highlighted through case examples, group discussion, and hands-on application during class activities. This course is foundational to the curriculum. As such, subsequent coursework builds upon the knowledge, concepts, and skills introduced in this course.

PSY610. CLINICAL PRACTICUM II: PROFESSIONAL PRACTICE AND CASE CONCEPTUALIZATION

Prerequisite: PSY 510

The purpose of this course is to facilitate a supervised experience of professional duties as a practicum student in psychology at an approved clinical site. This supervision includes both individual and group supervision of activities performed in the groups led by the practicum student. Students are required to complete a total of 100 hours of counseling and related services, 40 of which are direct contact hours.

PSY 615. ADVANCED DEVELOPMENTAL PSYCHOLOGY II, (3hours)

Prerequisite: PSY 515

The purpose of this course is to better understand the nature of human growth and development across the lifespan. The course content addresses the essential concepts and issues related to each developmental stage, the major theories of human development, along with implications for counselors related to cross-cultural counseling pointers.

SOCIOLOGY (SOC)

SOC 200. INTRODUCTION TO SOCIOLOGY (3 hours)

This course is an analysis of the origin, development, function, and interaction of social groups and institutions.

SPEECH (SPH)
